Big Data Tools and Techniques

New message from Kaveh Kiani

Subject: Welcome to the Big Data Tools and Techniques (BDTT) Module

Dear All,

Welcome to the Big Data Tools and Techniques (BDTT) module!

The online lectures for BDTT will commence on **Wednesday, 15 January 2025**, from **9:00 to 11:00 AM**. A meeting invitation containing a Teams link has been sent; however, please ensure that you **only use the Teams link available on the BDTT module site in Blackboard** to join the sessions each week. Kindly disregard the emailed link, as it contains errors due to a system issue, and there is no need to accept the invitation.

During the lectures, please keep your **microphone muted** and your **camera turned off** to minimise disruptions.

Additionally, there will be a **face-to-face workshop** starting in the first week on **Monday, 13 January 2025**. Workshop group allocations will be shared before the first session. Workshops will be held in two batches:

- **1:00 to 4:00 PM** (allocated to September 2024 students)
- **4:00 to 7:00 PM** (allocated to January 2025 students).

Punctuality is essential for both lectures and workshops. Please remember to enter the Jisc code promptly when it is announced in each session.

If you have any questions or concerns, feel free to contact us via email. Please **do not** use the **Blackboard messaging function** for communication.

- **Taha Mansouri:** t.mansouri@salford.ac.uk
- **Nathan Topping:** n.j.topping@salford.ac.uk
- **Kaveh Kiani:** k.kiani@salford.ac.uk

We look forward to seeing you in the new trimester!

Best regards,

BDTT Module Team
